🔔 Opcional

Concluir esta tarefa é opcional para este plano de aprendizagem.

Descrição

Remover conclusão

After successfully completing the four courses in this learning plan, you will earn the **Job Application Essentials** badge.

Please allow a few business days (24 to 48 hours) between earning a badge and for the badge acceptance email to arrive.

When your badge is issued, be sure to log in to your [Credly](#) account to claim the badge.

Even better? You have the option to enable the **Auto-Accept** feature so that any future badges issued to you by an organization (for example, IBM SkillsBuild) will automatically be accepted and displayed on your Credly profile!

This badge earner demonstrates a strong understanding of how to position themselves effectively for their first job opportunity. The individual knows how to build a strong, professional social media and online presence; how to conduct thorough and effective workplace research personalized to their interests and skills; and how to create a strong entry-level resume, even without any prior work experience. The earner has also practiced interviewing professionally.

Introducing the 2020 Red Hat Certified Professional of the Year | Red Hat

3 mins154★★★★2

Completed 15 Apr 2024Show more

About this learning activity

Red Hat recognizes Red Hat Certified Professionals who demonstrate ingenuity, hard work, and expertise by making a difference in their organizations and in the community. In 2020, **Fabrice Harbulot** was named Red Hat Certified Professional of the Year. Harbulot holds 14 different Red Hat certifications, including Red Hat Certified Architect (RHCA®) in Infrastructure Level VII. He is most proud of the RHCA credential, which represents Red Hat's highest level of certification. "Becoming a Red Hat Certified Architect was the defining moment in my career," he said. Fabrice has developed skills and experience in cloud, DevOps, security, and high-availability systems. He has put that knowledge to work as a **senior Linux systems engineer and technical leader with IBM**, as well as a **Linux administrator for Steria and Canal+ Group**.

Hear from Fabrice Harbulot about his experiences in this video presented by Red Hat.

Note: On the video toolbar, go to **Settings**, select **Subtitles**, select **English**, and then select **Auto-Translate** to
